

REDUCTION OF TUITION FEES

PROPOSER

OMKAR BATHULA – H00365216

SECONDER

Teja Govindarajulu Nandam – H00367999

WHAT WILL WE DO?

1. The university need to provide support to the international student with their financial status.
2. The Student MP and FTO's make a team and can have a discussion with the university accounts and Chancellor to talk to university regarding this issue.
3. The Union can collect a data why, whom and why to implement and decide the process in which we can do it.

WHAT IS THE BACKGROUND TO THIS?

1. *As an international student, being January 2021 intake students. We don't have any face-to-face lectures, laboratories as well due to pandemic. Where all over the world is suffering.*
2. *No university resources i.e., library, sports, industrial visits, open day No physical books available in library, no sports were organised by the university and no industrial visits as per course.*

WHAT BELIEFS MOTIVATE THESE ACTIONS?

1. As international students who joined university in January 2021 have paid full fee for the semester. Where we have classes completely online. We didn't use any university facility like offline classes, practical learning, industrial visits, laboratory works. So, that's the reason I belief that university consider this motion and help international students in pursuing the course, without any financial hustle.
2. As an international student who arrived in the UK before June 2021 where UK is in lockdown and students unable to find any part-time works for 3-4 months were unable to pay the tuition fees. This all may because of the Covid-19 but

this effected international students financially that indirectly effected there focus on their study and the mental health of the students.

3. As this showing an effect to students some of them tried to contact the International Students Adviser officer (ISAO). There is no response for any of the complaint where students requested officer to take their problems to the university and to reduce the fee but there is no change of fee and there is no update regarding the fee.
