POLICIES (15MINS)

ANTI-PREVENT POLICY

At the first exec meeting this policy was sent back to gather more local data. We could not find any meaningful data, so the policy is back to be voted on today.

Please refer to **'Anti-Prevent-Policy'**.

TRANS INCLUSION POLICY

We want to update you that we are working on a trans inclusion policy, but it is not ready to be brought to this meeting. We will hold a focus group with LGBT+ students and invite exec members to attend.

BDS POLICY

Following the BDS focus group it was concluded that we should investigate creating two separate policies; one on Palestine solidarity, and one on overall ethical consumption. Our next steps with this are to collect views at societies council and at department officer meetings.

We still need to vote on the current BDS policy to make this official. We recommend voting the lapsed policy down.

Please refer to **'Support-BDS-Policy'**.

BYELAWS (10MINS)

We are asking you to review and approve our new byelaws, sent to you in a separate email - they have already been approved by the Union's board of Trustees.

Please refer to **'Summary of Changes to Byelaws, December 2025.'**
